TOP - I liked the course very much because

- He is a good teacher, always comes in class with extensive research and course material.

- I enjoyed the classes and I found the tasks interesting

- I liked that we got a lot of theoretical insight, historical path and (...) nicht lesbar für die Datenerfassung classes

- The lecturer is very nice and professional. He has a lot of experience and knows everything very well.

- creative and interesting

- interesting field of study

- it has both theoretical and practical aspects

- much information in short time; nice lecturer; good information material

- new skills learned!

- the teacher is an amazing person and he taught us in a proper way

- the teacher is cool, content is nice

- this course is very helpful and I learned many things under the supervision of this lectures

FLOP - To improve the course, I would propose

- There could have been more working on the app, working together, consultations on design etc. to actually improve.

- consultations short before the presentation

- more detail into user experience techniques

- nothing

- nothing - it's fine

My satisfaction with the course

My advice to the lecturer would be ...

- I don't want to give any advice because he is doing very well.

- Try to use different ways of sending the tasks because the medien wiki is not very user-friendly.

- everything is perfect

- more consultation and individual talks about the project and concept of the app; maybe a collaboration would be nice, designers design and developers develop

- nothing (2 Nennungen)

- was good!

The regularity of the course and my attendance

I was unable to participate because ...

- I had a conflict with another course

- I was too busy =)

- due to health issues

- not in Weimar

- sick

My overall impression of the course

To improve this questionnaire, I would suggest ...

- a consultation during the time we work on the app

- nothing (2 Nennungen)

- online!
